TRIM SYSTEMS

ELITE REVEAL

The floating clean-line trim system

The limitless versatility of our Elite Reveal framing system is unmatched. Our innovative 1/8" reveal comes standard on all installations and is available in any number of finishes. When your design calls for the coolness of minimal aluminum framing, any number of materials can be used to create striking, crisp, clean installations that float off your finished wall surface.

- Minimal Framing
- 1/8" Reveal

SERIES 9100

Slim Trim

Our slim and durable framing system that's available with a square or radius corner. The Series 9100 is available in 5 standard sizes and custom sizes.

- Radius corner is available in clear anodized aluminum
- Square corner is available in clear anodized aluminum
- Sophisticated narrow face trim
- 9/32" exposed frame

SERIES 9800

The subtle and elegant trim system

The most popular trim system, engineered to provide a permanent, direct-to-the-wall installation, at an economical price. With its striking 3/4" face, this series was designed for the discriminating designer who desires an elegant style trim that does not overpower the room but complements and harmonizes with modern decor schemes.

- Subtle Framing
- 3/4" Exposed Frame
- Available as a knock-down, multipanel option for customizable assembly on-site

SERIES 9300

The bold and heavy-duty trim system

A prominent, heavy-duty framing system, providing a permanent application with a retro flair. With its 1-1/2" wide face protruding 1/4" off the finished writing surface, Series 9300 units are available in a variety of finishes.

- Bold, Heavy-Duty Construction
- 1-1/2" Exposed Frame

WRITING SURFACE OPTIONS

PORCELAIN SURFACES

ASI Porcelain writing surfaces are made for busy offices and boisterous classrooms, providing a super-smooth writing surface that erases like magic and will not scratch, stain, or fade for as long as it is in use—guaranteed. It is the most popular writing surface for chalkboards and whiteboards, providing superior writability, durability, and erasability.

- Series 9800 and Knock Down frames

FORBO®

Forbo® Bulletin Board is produced from natural and renewable raw materials. A combination of oxidized linseed oil, resin, and finely ground cork gives Forbo® its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

Self-healing properties

Its strength and resilience make Forbo® the ideal material for pin boards, notice boards, and all other surfaces where ideas and information are exchanged. The board material retains its grip and doesn't crumble like traditional soft boards as the pinholes close after extraction of the pins.

Practical & hygienic

Forbo® does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments where "get well" messages can be pinned behind the bed.

FORBO® BULLETIN BOARD COLOR SELECTION:

The choice for environments where a functional, washable, tackable surface is needed.
