P. 10-11 **Glass Writing Surfaces**

WE ARE LASER FOCUSED ON DELIVERING EXACTLY WHAT YOU NEED—WHERE AND WHEN YOU NEED IT.

ASI Group's Global Reach—see how on pages 18-19.

U.S. Green Building Council (USGBC)
ASI Visual Display Products is committed to continuously delivering the most environmentally friendly products to the global marketplace.

3

Select your Sizes & Options

Select from multi board construction or vertical or horizontal sliding options.

P. 15 Multi Board Construction

4

Select your Accessories

Choose from a variety of display and marker rails, and accessories.

P. 17 Rails & Accessories

TRIM SERIES

We offer a wide selection of aesthetic options to meet any interior design and performance requirements, ranging from our innovative 9500 series—Elite Reveal floating trim, 9100 series square or radius corners, to our 9300 and 9800 series trim.

TRIM SERIES

SERIES 9500 ELITE REVEAL

The limitless versatility of our Elite Reveal framing series is unmatched. Our innovative 1/8" reveal comes standard on all installations and is available in any number of finishes—available in Porcelain and Forbo®. When your design calls for stylish, minimal aluminum framing, Elite Reveal creates striking, crisp, clean installations that float off your finished wall surface.

- Minimal Framing
- 1/8" Reveal

SERIES 9100

This slim and durable framing system is offered with a square or radius corner, and is available in 5 standard sizes as well as other custom sizes.

- Square and radius frames come in a clear anodized aluminum
- Sophisticated narrow face trim
- 9/32" exposed frame

SERIES 9800

The most popular trim series, engineered to provide a permanent, direct-to-the-wall installation, at an economical price. With its 3/4" frame, Series 9800 does not overpower the room but complements and harmonizes with modern decor schemes.

- Subtle Framing
- 3/4" Exposed Frame
- Available as a knock-down, multipanel option for customizable assembly on-site.

SERIES 9300

A prominent, heavy-duty framing series, providing a permanent application with a retro flair. With its 1-1/2" wide face protruding 1/4" off the finished writing surface, Series 9300 units are available in a variety of finishes.

- 1-1/2" Exposed Frame

EDGE GRIPS WITH STAND OFFS—GLASS ONLY

Our Edge Grips provide a stylish and simple way to mount glass markerboards to your finished wall surface. A total of four Edge Grips are installed above and below the glass markerboard, allowing it to stand off the wall.

HIDDEN Z-BRACKET—GLASS ONLY

Our Hidden Z Bracket mounting system for glass markerboards provides a frameless appearance. Hidden Z Brackets offer a minimalistic look, free of any visible hardware, while securing the glass markerboard to the finished wall surface.

WRITING SURFACE OPTIONS

PORCELAIN SURFACES

ASI Porcelain writing surfaces are made for busy offices and boisterous classrooms, providing a super-smooth writing surface that erases like magic and will not scratch or stain for as long as it is in use—guaranteed. It is the most popular writing surface for chalkboards and whiteboards, providing superior writability, durability, and erasability.

**Shipped In
48
HOURS**

- Lifetime Warranty (on writing surface for the life of the building)
- Can be written on with dry-erase markers
- Optimum erasability—and easy to maintain
- Scratch, chemical, and fire resistant—will not release toxic fumes in the event of fire

PORCELAIN COLOR SELECTION:

GLOSS MARKERBOARDS

White High Gloss 29 White Low Gloss 29L

High and low gloss boards to be used with dry-erase markers.

- Greater color contrast
- Standard is high gloss white
- Safe and clean—releases no harmful chemicals into the environment
- Available in Series 9100 Radius and Square, 9300, 9500 Elite Reveal, and 9800 pre-framed and knock-down frames

ULTRA MATTE PORCELAIN

Green Ultra Matte 06 Black Ultra Matte 11

Ultra matte porcelain for use with chalk.

Actual colors may vary slightly from those shown due to limitations in the printing process.

FORBO®

Forbo® Bulletin Board is produced from natural and renewable raw materials. A combination of oxidized linseed oil, resin, and finely ground cork gives Forbo® its flexibility and resilience. This combination results in a product with exceptional durability and a sustainable footprint.

Self-healing properties

Its strength and resilience make Forbo® the ideal material for pin boards, notice boards, and all other surfaces where ideas and information are exchanged. The board material retains its grip and doesn't crumble like traditional soft boards as the pinholes close after extraction of the pins.

Practical & hygienic

Forbo® does not attract dust and has bacteriostatic properties. This makes it a practical solution in classrooms and a hygienic choice in healthcare environments where "get well" messages can be pinned behind the bed.

FORBO® BULLETIN BOARD COLOR SELECTION:

The choice for environments where a functional, washable, tackable surface is needed.

Standard Colors

All colors shown are available in 48" high rolls.
2182 Potato Skin, 2186 Blanched Almond, and
2166 Nutmeg Spice are also available in 71" high rolls.

MOBILE UNITS

MOBILE UNITS

Mobile Units are constructed of welded steel framing with a durable baked enamel paint finish. Ball type casters are installed to each foot assembly to provide ease of movement.

ASI Mobile Units are offered in 2 surfaces providing various combinations of markerboards utilizing porcelain or glass to suit your individual requirements.

Available in:

- Porcelain or glass
- All units double sided
- 48" x 72" or 48" x 96" (horizontal) and 54", 60", and 66" (max vertical) sizes
- Powder coated gray frames
- Silent ball type caster—with brakes

MULTI BOARD CONSTRUCTION

WITH SPLINE

For applications when a large continuous writing surface is needed we offer markerboards that are equipped with our spline edge system. A markerboard with a spline edge can be connected to another marker board, with the reciprocal edge, by snapping the two edges together during installation. This allows for a large beautiful surface with minimal visual interruptions.

WITH DIVIDER H BRACKET

This system allows multiple markerboards to be connected together using an H Bracket that serves as a divider between each board. This H Bracket slides over the markerboard's edges during installation.

HOW TO ORDER

1

Select your Trim Series

Choose a trim series that meets your aesthetic and performance requirements.

2

Select your Surface Options
